- Strengthen the relations with Member Federations and establish close contacts with other sports associations.
- Bring a modern perspective to the IAU organization.

I am committed to using the skills I have developed in organizing major competitions, coordinating teams and cooperating with all countries. This will be invaluable in providing quality championships in the future.

My path in ultrarunning began in 2014, when I ran my first ultramarathon, and since then I have never stopped supporting the development of this sport.
